

VISCOELASTIC SHOCK ABSORBERS

DESCRIPTION

Viscoelastic shock absorbers are shock absorption system by compression of viscoelastic fluids.

FEATURES

- ▶ Simplified conception.
- ▶ High shock absorption coefficient.
- ▶ Easy integration.
- ▶ Maintenance free.

APPLICATIONS

- ▶ Lock doors
- ▶ Railway bumper
- ▶ Chocks for rolling mill
- ▶ Track tensioner
- ▶ Anti-shock suspension
- ▶ Ship davit
- ▶ Seismic solutions
